Peter Rogoff
Administrator, U.S. Department of Transportation
Federal Transit Administration
East Building
1200 New Jersey Avenue, SE
Washington, DC 20590

Dear Mr. Rogoff:

On behalf of the 25 member Board of Directors of Friends of Light Rail & Transit (FLRT) I would like to express our continued support for the streetcar project in downtown Sacramento and West Sacramento and the recent FTA grant application.

We have long advocated for the re-introduction of the streetcar system in Sacramento, evidenced by our purchase of four former streetcars, our assistance with the restoration of Historic Car 35 and our hosting numerous planning sessions. In addition, we have helped finance studies, sponsor stakeholder and developer events (to gain support), advocated at the local, state and federal levels, produced strategy reports and finally, invested thousands of hours, hoping that we would soon have a streetcar system operating in downtown Sacramento.

We urge your support of the Urban Circulator Grant Application for the Downtown/Riverfront streetcar project. FLRT believes that the benefits of this project are evident and we truly hope that your organization agrees. If historic information on the local streetcar efforts is desired please visit our website at www.friendsoflightrail.org.

If we can be of any assistance, please contact me at (916) 736-9000, or our Executive Director, Seann Rooney, at (916) 447-1960.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dain Domich', written in a cursive style.

Dain Domich
President, Board of Directors
